NEW DM-918S

- Overall trendy, professional, exquisite, elegant and modern.
- Super cardioid directional, ultra high cartridge delivers the smoothest voice with a wide and plain frequency response.
- Anti-sliding reed switch effectively eliminates power on-off pops.
- Durable zinc-alloyed with a wear resistant high hardness and a low touch iron-gray exterior paint as well as a robust ballscreen.
- Suitable for stage performance and recording studios.

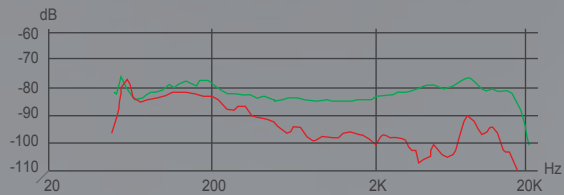

NEW DM-908S

- Overall trendy, professional, exquisite, elegant and modern.
- Superb dynamic cartridge effortlessly delivers the truest and softest sound.
- Anti-sliding reed switch effectively eliminates power on-off pops.
- Professional matt electroplated housing with a comfortable touch and hold.
- Suitable for audio systems and home karaoke.

NEW DM-818S

- Exquisite, elegant Japanese style.
- Superb dynamic cartridge effortlessly delivers clear treble performance.
- Anti-sliding reed switch effectively eliminates power on-off pops.
- Durable zinc-alloyed with wear-resistant high hardness and iron-gray exterior painting, as well as a robust ballscreen.
- Suitable for public broadcasting and conferences.

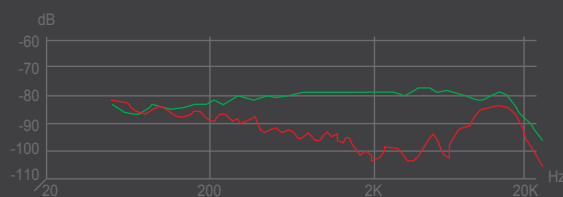

The Best Endorsement

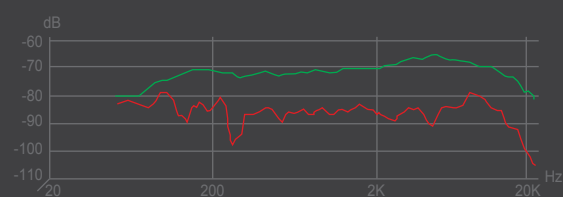

NEW CM-818S

- Exquisite, elegant Japanese style.
- Cardio dynamic range condenser microphone effortlessly delivers deep quality sound as well as clear treble performance.
- Anti-sliding reed switch effectively eliminates power on-off pops.
- Specific constructed suspension design presents less noise when handled.
- Complete with one AAA battery with up to a 5000 hour duration or external power supply.
- Suitable for vocal and speech.

DM-708S

- Classic and professional.
- Superb dynamic cartridge effortlessly delivers deep quality sound as well as a clear treble performance.
- Durable zinc-alloyed with a wear resistant high hardness and a low touch iron-gray exterior paint as well as a robust ballscreen.
- Suitable for public broadcasting and conferences.

DM-556

- Exquisite, light, easy to use.
- Superb dynamic cartridge effortlessly delivers clear treble performance.
- Silver exterior paint as well as a robust ballscreen.
- Suitable for general speech.

DM-555

- Exquisite, light, easy to use.
- Superb dynamic cartridge effortlessly delivers clear treble performance.
- Black exterior paint as well as a robust ballscreen.
- Suitable for general speech.
